

2026 Curry College Welcome Weekend Schedule

Welcome to Curry College! We are so excited for you to join our Curry family. As you arrive to campus and settle in before the start of classes, we have scheduled some activities to help you get acquainted with campus and learn more about what it means to be a student here at Curry.

All incoming first-year students Catalyst students, and Compass students, regardless of whether they are living on campus or commuting, are required to be a part of Welcome Weekend activities. Please make arrangements now for work, family outings, etc. If unable to attend any part of the weekend due to extenuating circumstances (e.g., family wedding, family emergency, etc.), email the Student Transitions and Family Programs team at newstudents@curry.edu in advance so we can discuss arrangements. All student-athletes must also attend the Welcome Weekend Activities; we have arranged this with your coaches.

For students commuting to campus, we will provide meals from Thursday evening through Sunday dinner for those who do not have a meal plan.

Transfer students who have 23 or fewer credit hours of post-high school, face-to-face coursework from a regionally accredited traditional college campus will also be required to participate in Welcome Weekend activities.

Students should ensure they have cleared any financial and health holds before arriving to campus.
