Return of Title IV/Refund Repayments Policy

Any student who withdraws from all classes officially or unofficially, is dismissed from the College or takes a College approved leave of absence and attended the institution for at least one day during the semester and received or was eligible to receive federal financial aid, is subject to a Return of Title IV Funds calculation. This calculation is mandated by federal regulation. Any student who receives Title IV funds will be subject to this policy.

A student's withdrawal date is:

- a) The date the student began the institution's withdrawal process or officially notified the institution of intent to withdraw; or
- b) The student's last date of attendance as documented by academically related activity; or
- c) The midpoint of the period of enrollment for a student who leaves without notifying the institution and for whom the Registrar's Office cannot determine the student's last date of academically related activity.

The College is required to return to the federal financial aid programs the amount of aid received that was in excess of the aid "earned" for the time period the student remained enrolled. If a student completes more than 60% of the payment period, a student is considered to have earned 100% of the aid awarded in the payment period.

Title IV funds include: Federal Pell Grants, Federal SEOG, Federal Direct Stafford Subsidized or Unsubsidized Loans, Federal Perkins Loans, TEACH Grants and Federal Direct PLUS Loans. Federal Work Study is excluded from this calculation. The calculation will be done within thirty (30) days of a student's withdrawal from the College.

The calculation is determined in the following manner: The College must calculate the percentage of financial aid that a student has "earned" during the semester. Title IV refund calculations will be based on the number of days in attendance as a proportion to the number of days in the term or period of enrollment, up to the 60% point in the semester. Return calculations for students attending 8-week classes only will be based upon the term(s) scheduled to be attended. There are no returns of federal financial aid after the 60% point in time, as the federal regulations view the aid has been "100% earned" after that point in time.

If the College is required to return funds to Title IV aid programs, those funds must be returned in the following order: Federal Unsubsidized Direct Loans, Federal Subsidized Direct Loans, Federal Perkins Loans, Federal Direct PLUS, Federal Pell Grants, Federal Supplemental Educational Opportunity Grants, and Federal TEACH Grants. **Returning funds to these programs could result in a balance due to the College on the student's account.** If the College has disbursed less than what has been earned, the student may be eligible to receive a post withdrawal disbursement of Title IV funds. These funds will be offered to the student within 30 days of the determination.

Grants will be disbursed within 45 days of the determination and loan funds will be offered to the student within 30 days. Students may accept all or a portion of the loan funds of the post withdrawal amount offered. Once the offer is made to the student, the student has 14 days to respond. The College will disburse any accepted loan funds within 180 days of the date the College determined the student withdrew.

All post-withdrawal disbursements are applied to the student's account first. Any resulting credit balance will be disbursed as soon as possible and no later than 14 days after the credit occurred, OR no later than 14 days after the completion of the Title IV calculation.

If the Return to Title IV calculation results in an amount to be returned that exceeds the school's portion, the student must repay some funds. Failure of the student to return funds to the federal financial aid programs in a timely manner may result in the student being ineligible to receive future financial aid.

Notification of financial aid adjustments resulting from Return of Title IV calculations, refunds and adjusted bills will be sent to the student's home address following withdrawal.

A copy of the worksheet used for this calculation and sample calculations for the Return of Title IV Aid can be requested from the Office of Student Financial Services during normal business hours.
