### Payment Options

A *deferred payment option* is available to Continuing Education students who demonstrate that they have a tuition reimbursement benefit through their employer or the government. Students who qualify may pay their tuition at the end of each course, rather than upon registration. Students in this category are responsible for payment, and tuition may not be left unpaid pending reimbursement by an employer or other agency. Please contact the Continuing and Graduate Studies Office for further details and to complete a Deferred Payment Request Form. The deferred payment option is not available for graduate courses but graduate students may inquire about a multiple payment plan by calling the Graduate Studies Office at (617) 333-2246.

*Direct billing* is available for students who demonstrate that their employer or other organization will be paying the college directly for their classes. Students in this category may register upon providing appropriate documentation, such as a purchase order or voucher.

A transfer payment from a bank checking or savings account will not incur a service fee.

### Grade/Pass/Fail

Only Continuing Education courses outside of the student’s major may be declared Pass/Fail. Only one course each semester may be graded in this manner. The deadline for declaring is the same as the withdrawal deadlines outlined in the Key Dates section of this Schedule Guide. Please request the form from any Continuing and Graduate Studies Office. The Pass/Fail option is not available for Graduate courses.

### Auditing a Course

Non-degree students may audit Continuing Education or Graduate courses on a space available basis. Auditors are subject to full tuition and fees for the course and must be formally registered. There is no auditing option in cohort-based programs.

### Add/Drop

You **must** contact the Continuing and Graduate Studies Office to add or drop a course. Students can add a course through the first week of classes by contacting any Continuing and Graduate Studies Office. Students who want to drop a course from their schedule must do so through any Continuing and Graduate Studies Office prior to the start of the term. A student is financially responsible for any courses that are not officially dropped before the first day of classes (see Refund Policy below).

### Withdrawal

You **must** contact the Continuing and Graduate Studies Office to withdraw from a course. Please refer to the Key Dates section of this Schedule Guide for specific withdrawal deadlines. Students will receive a “W” for a grade. **Non-attendance does not constitute a withdrawal.**

### Disability Services

Curry College is committed to providing accommodations for students with documented learning disorders, visual, hearing and mobility impairments, psychiatric disabilities and medical conditions. Academic accommodations are arranged on a case-by-case basis, and may include, but are not limited to: additional time to complete exams; a separate, more distraction-reduced exam room; note taker support; and textbooks in alternative format. For additional information, please contact the Director of Student Disabilities at (617) 333-2385.

### Intensive Courses

#### One-week Intensive Courses

If students drop before the second day of class, 75% refund.

#### Two- and Three-week Intensive Courses

If students drop before the third day of class, 75% refund.

**After these deadlines, students are financially responsible for the full cost of the course.**

## Required Immunization Certificate

Massachusetts Law 105 CMR 220.600 requires Curry College to collect a certificate of immunization from all full-time students. This applies to any Continuing Education or Graduate student who is carrying a full-time course load.

For Continuing Education students Curry defines full time as 12 or more credits during a semester including intensive courses falling within a semester. As an example, if a CE student takes 6 credits in Term I and 6 credits in Term II, they would meet the definition of full time.

For Graduate students, Curry defines full time as 6 or more credits during a semester including intensive courses falling within a semester. An MBA student taking one 3 credit course in Term I and one 3 credit course in Term II would meet the definition of full time. An M.Ed, MACJ, or MSN student taking 6 or more credits during fall or spring semester would be considered full time.

If you know what your course load will be and you will meet the definition of a full-time student, please plan ahead and file your certificate of immunization prior to or with your registration. **All students who have not filed the certificate and who are found to be in full-time status will receive a notice from Curry College that they have 30 days to file the certificate or future registration will be blocked.**

Each full-time student must provide a certificate of immunization that the student has received the following:

- 1) At least one dose of mumps and rubella vaccine(s) given at or after 12 months of age
- 2) Two doses of live measles vaccine given at least one month apart beginning at or after 12 months of age
- 3) A booster dose of tetanus-diphtheria within the last ten years
- 4) Three doses of Hepatitis B vaccine

The certificate of immunization form and instructions can be obtained from any campus Continuing and Graduate Studies Office.

## Mandatory Health Insurance

Effective September 1, 1989, the Massachusetts Law C.15A, s. 18 requires that every full-time and part-time student enrolled in an institution of higher learning in Massachusetts participate in a qualifying student health insurance program (QSHIP) or in a health benefit plan with comparable coverage. A part-time student is defined as a student participating in at least 75% of the full-time curriculum **or at least 9 credits in a given semester.**

As a result, full-time and part-time students taking 9 credits or more are automatically billed for individual membership in the health insurance plan sponsored by their colleges or universities. Students must purchase the school-sponsored health plan or show proof of comparable coverage in an alternate health plan in order to enroll in the college/university of their choice. Students must prove comparable coverage by completing a Student Health Insurance Waiver Form. This form is available online at [www.universityhealthplans.com](http://www.universityhealthplans.com). Paper forms are available upon request in the Office of Student Financial Services. A notice regarding Student Health Insurance enrollment and waiver deadlines will be mailed to your permanent address if you register for at least 9 credits. You will have 14 days to complete a waiver if you can prove comparable coverage – late waivers will not be considered.

Contact the Office of Student Financial Services (SFS) for the current cost of the Curry-sponsored health plan.

The Emergency Hotline is generally updated by 7:00 a.m. Decisions on cancellation of evening classes are generally made by 3:00 p.m. Every effort is made to contact faculty and students directly when a decision is made to close the College, but if in doubt, call the Hotline before traveling to class.

## Family Educational Rights and Privacy Act

In accordance with the Family Educational Rights and Privacy Act of 1974, Curry College permits its students to inspect their records wherever appropriate and to challenge specific parts of them when they feel it is necessary to do so.
