

Curry Education Partners Program Prepared. Preferred. Partners.

Curry Is Closer to Your Goals

Increase your school district's potential with the Curry College Education Partners Program. As part of our dedication to career-focused education and community, your employees can now enhance their careers at preferred partner rates.

Why Curry?

With Curry College's Graduate Programs, your employees can expand their knowledge, become leaders in the community and drive student achievement at a school recognized for its excellence in education. Select from a number of graduate certificate and degree programs at Milton, Plymouth or online—including Autism Specialist, Special Education, Principal and Supervisor Licensure Program and more.

Access to Incredible Talent

In addition to preferred partner pricing, your district will also have access to Curry's pool of talented, advanced candidates to serve as instructional aids in the classroom and allow you to grow talent.

Hyflex, High-Touch, High-Quality

Our unique Hyflex format allows students to attend synchronous classes in-person or online, giving them the freedom to form valuable connections no matter where they are.

Helping You Succeed

We know how busy work schedules can be, so we're here to support students through it all. Receive valuable, on-site fieldwork support, professional development opportunities and online/on-campus access to our writing center and library support.
