

CURRY PARTNERSHIP PROGRAM

The transition to college can be challenging, but Curry College is there for you!

Our Curry Partnership Program matches incoming full-time students with staff on campus, who serve as main points of contact during your transition. For students in the PAL program, your PAL faculty will serve as your Curry Partner.

Your Curry Partner is there to help, from concerns about class schedules and navigating campus, to questions like “what’s #wearpurplewednesdays all about?” They will assist you in accessing the support and resources you need to succeed both in and out of the classroom, and will be there to help you overcome any barriers or issues you may be experiencing as you settle into life at Curry.

- Meet your Curry Partner during Orientation in June.
- Outreach from your Curry Partner will begin prior to Orientation and continue throughout your first semester at Curry.
- Have a question, but not sure who to ask? Ask your Curry Partner!

Contact the Curry Partnership Program at sot@curry.edu with questions or for more information about the Program.

The willingness of my Curry Partner during my first year helped me feel at home right away at Curry College. I loved the program, and how the communication doors were always open between me and my Curry Partner. It made me feel that I made the right decision to be a Colonel!
