PROFESSIONAL EXPERIENCE

Present **Mass Audubon**, Diversity and Inclusion Coordinator

- Support the VP of DEI's efforts to become a more equitable and inclusive organization

2021 – 2023 **Boston Collegiate Charter School**, *5th Grade Science Teacher* – Dorchester, MA

- Plan science curriculum and content, and co-teach four science classes in classrooms of twenty-five students with IEPs and 504 plans; attend professional developments.

2019 – 2021 **Boston College**, *Teaching Assistant* – Newton, MA

- Communicated instructional expectations with undergraduate students; collaboratively wrote and graded exams and essay prompts with an assigned professor per semester.

2018 – 2019 **KIPP Massachusetts**, *1st Grade Teaching Fellow* – Mattapan, MA

- Effectively managed and taught various subjects, like math, science, and guided reading, in three different 1st grade classrooms with 25 students per classroom.

2017 **Massachusetts Dept. of Environmental Protection**, *Environmental Justice Intern* – Boston, MA

- Designed a user-friendly MassDEP Environmental Justice webpage and brochure outlining the major environmental issues affecting certain communities of color in MA.

Spring 2017 **Earth Day Network**, *Climate Change Intern* – Washington, D.C

- Wrote outreach and networking emails for the March for Science event on Earth Day.
- Composed and published various blog posts about different global environmental issues.

2016 **Franklin Park Zoo**, *Youth Programs Supervisor* – Boston, MA

- Developed professional development workshops and activities with the Program Manager on topics, such as environmental education and race, for high school students who were employed in the ZooTeen Program; managed administrative tasks.

2015 **New England Aquarium**, *Visitor Education Intern* – Boston, MA

- Provided educational interpretation to Aquarium visitors using informational graphics and biofacts; researched and presented on topics, such as sea turtles, to visitors.
- Managed and trained volunteers and teen interns to educate visitors on various issues effecting the ocean and aquatic life; evaluated and provided feedback on their performance.
