

# Hello Curry Community!

The Curry College Dining Team continues to work hard at adapting our dining procedures and locations to ensure your health and safety and **“Keep Curry Safe”** when you return to campus this Spring. Whether you are new to campus or a returning guest, we would like to bring some key information to your attention so you know what to expect when you arrive and experience the best dining experience possible.

This information is subject to change based upon updated campus and regulatory agency guidelines and protocols. We have updated this information on our website, [currydiningservices.sodexomyway.com](http://currydiningservices.sodexomyway.com), as well as posting to our Facebook Page and Instagram Account. Please continue to check our website and follow us on social media for the most up to date information regarding campus dining.

**Behind the scenes** we are implementing a number of added safety procedures and protocols to ensure the continued health and safety of both our customers and dining team:

1. All members of the dining services staff will be self-monitoring for COVID-19 symptoms and completing a mandatory on-line screening questionnaire prior to reporting to work on a daily basis.
2. All members of the dining Services staff will be tested for COVID-19 on a weekly basis.
3. 6' social distancing, physical safety barriers between staff and customers, and strict access to our kitchen, prep and storage areas will become “the new normal” operating procedures.
4. All high-touch food service contact surfaces will be cleaned and disinfected every 20 minutes.
5. All Food Services areas are disinfected nightly with an Electrostatic disinfecting cleaning process.
6. Face coverings and gloves will be worn by all team members.
7. We are working diligently to establish space capacities and new service standards for all dining locations on campus based on campus, state, & local guidelines and regulations.

**At all dining locations** you can expect to be required to:

1. Adhere to all directional and queuing signage to ensure social distancing and a safe and enjoyable dining experience.
2. Wear face coverings while visiting our service areas. You can remove your mask when you are actively eating.
3. Follow all dining seating area guidelines utilizing only designated tables and chairs. Please don't move furniture.
4. Touch only your final menu selections if you are selecting products from one of our self-service packaged goods displays or grab & go coolers.

**Continued use of dining technology** and protocols on campus to help enhance your dining experience:

- **Bite app:** The Bite app is free and available for both iPhone and Android users. Bite will be your go-to for viewing menus and placing advanced dining orders for The Dining Marketplace in the Student Center. You will also use Bite for contactless payment. To register for your Bite account please go to [bite.sodexo.com](http://bite.sodexo.com). To download the app, search for Bite by Sodexo.
- **GET Food:** GET Food is accessible through your myCurry app. Both the Late Night Dining and Learning Commons Café Starbucks menus will be available for remote ordering and contactless payment through GET Food.
- **New Special Dietary Accommodations Registration Process:** Please contact Jeremiah Rex in the Curry Office of Disability Services if you require special dietary accommodations due to food allergies, food intolerances or specific documented medical conditions. Once you register, Jeremiah and members of the dining services team will communicate directly with you regarding the new protocols and procedures for accommodating special dietary needs including a new process for ordering and picking up individually prepared meals.

**Resident Meal Plan** policies have been adjusted to assist with increased social distancing and expedited traffic flow in all dining locations:

1. You can use up to four resident meal swipes from your weekly meal plan allowance at any time over the course of the day. There are no specific meal zone times. This means you have the ability to purchase and pickup multiple meals in one visit at any of the dining locations which are designated for resident dining on campus.
2. Resident Dining Meal swipes will be accepted at the Dining Marketplace, Learning Commons, Kennedy Café, and Suites Lounge dining locations.

- The Take 3 Meal Exchange program has been suspended until further notice. Instead, all resident dining guests can now purchase a resident dining meal consisting of one entrée selection, three side item selections, and a beverage selection at any of the designated resident dining locations on campus. The variety, quantity, and service style of resident dining menu options will vary by dining location.

### **The Dining Marketplace – Student Center**

*Mobile ordering and contactless payment available through Bite App*

- Late Night Dining menu is strictly retail. Purchases may be paid for using meal plan flex points or Colonel Cash utilizing the Get Food App for contactless ordering and payment
- Cash & credit cards will not be accepted at Late Night Dining – utilize GET Funds to add Colonel Cash to your dining account
- Orders placed for Late Night Dining will be picked up in the Marketplace seating area
- All menu items will be served in disposable to-go packaging
- Seating locations and capacities for Late Night Dining will depend upon current guidelines

We know that there will be a period of adjustment for both customers and dining staff as we adapt to these new and continuously changing policies and procedures dining however, we will never change our mission to deliver high quality food and outstanding customer experiences to the entire Curry community – **“Safe. Healthy. Together”**

If you have any questions or concerns, please do not hesitate to contact us prior to your arrival to campus.
