**1071 Blue Hill Avenue**  
**Milton, MA 02186**  
**617-333-2182 (phone)**  
**617-333-2029 (fax)**  
**healthservices@curry.edu**

Dear Student and Parent:

- **ALL** newly enrolled full-time undergraduate students need to complete this form.
- The Health Form must be submitted directly to Health Services via mail, fax (617-333-2029) or email, [healthservices@curry.edu](mailto:healthservices@curry.edu). **Please keep copies of all your forms for your records.**
- Please fill out demographic information on page one, health insurance information on page two, and the TB Questionnaire Form on page three. All health information on page two and your immunization history on page three should be completed and signed by a healthcare provider. The TB questionnaire is to be completed by you and reviewed by your healthcare provider.
- All **Nursing and Exploratory Health students** are required to have a reactive **Hepatitis B titer** regardless of vaccination history. If your titer is non-reactive, you will require further immunization. Proof of immunity to **varicella** is required either by a reactive varicella titer OR two immunizations. If you require additional information please contact 617-391-5214.
- Please note, a physical exam is NOT required by the college. If you are an **NCAA athlete**, additional requirements and forms can be found on the Athletics website under Sports Medicine.
- Once the form is reviewed by Health Services the hold will be removed from the Student Portal. If the form is incomplete, you will be notified by phone or email and a health clinic hold will remain on the student's portal.
- *Travel medical insurance plans and international insurance plans will NOT be accepted for the 2018-2019 academic year.*
- Out-of-state Health Maintenance Organizations (HMOs), Exclusive Provider Organizations (EPOs) and Out of State Medicaid Programs generally have a limited network of providers that will not provide comprehensive coverage in the area surrounding Curry College. Kaiser and Anthem are popular out of state HMO plans that do not provide coverage, other than for emergency situations, in Massachusetts. If you need lab work, imaging or a referral to a specialist, services may not be covered by your insurance. **Massachusetts State law requires students enrolled in 75% of full-time curriculum in any Massachusetts institution of higher education to participate in a school-sponsored qualifying student health insurance program or an alternate health plan with comparable coverage.** Therefore, before you waive the Curry College Student Health Plan, please make sure your current insurance coverage is comparable to the Student Health Insurance Plan. For additional information please visit: [www.curry.edu/healthservices](http://www.curry.edu/healthservices).
- If you have any questions or concerns, please call us at 617-333-2182 or email [healthservices@curry.edu](mailto:healthservices@curry.edu) .

Thank you,  
Health Services
